

## UK2AAA eLED MINI POCKET LIGHT

### INSTRUCTIONS & IMPORTANT INFORMATION

Thank you for purchasing the UK2AAA eLED Mini Pocket Light. It includes the latest LED technology and is incredibly bright, compact and ready when you need it. Since 1971, UK has been designing and manufacturing lights for the harshest environments. Our lights are used by fire fighters and workers in extremely tough industrial situations. They are a standard for scuba divers. With minimal care your UK light will give you years of trouble-free service.

#### Battery Insertion

Unscrew the bezel/LED assembly. Insert 2 alkaline AAA-size batteries as shown in the diagram. The batteries must be inserted with the plus + end facing the eLED module or the light will not operate. Make sure the O-ring and sealing surfaces are clean. Replace the bezel/LED assembly by twisting it clockwise onto the case.

#### On/Off

Screw the bezel down by twisting it clockwise until the lamp comes ON. Turn the light OFF with at least 1 1/2 counter-clockwise turns of the bezel.

#### O-Ring Seal

The O-ring and sealing surfaces must be kept clean and lubricated with silicone grease in order to maintain the watertight seal and smooth rotation of the bezel. During cleaning remove the O-ring using only your fingers. Do not use tools which can damage the O-ring and sealing surfaces.

#### Care and Maintenance

- Keep the area around the O-ring seals clean.
- If the light floods with water, empty the contents immediately, rinse with fresh water and dry completely before reassembly.
- To insure that active hydrogen removal catalyst is present in the light, replace the bezel/LED assembly if it gets wet.
- Do not store batteries in the light for long periods of time. They may leak and damage the light.

- Do not store batteries in the light for long periods of time. They may leak and damage the light.

### CAUTION

Batteries which are (1) loaded without observing the proper polarity, (2) are not the same type, brand name and age or (3) are completely discharged can vent hydrogen gas and possibly cause an explosion.

- Load batteries according to the diagram shown below.
- Do not mix batteries of different type, brand name or age.
- Discard all batteries as soon as they are drained or no longer produce light.

### **Limited Lifetime Warranty**

Underwater Kinetics products are engineered for maximum performance and durability. All products carry a Limited Lifetime Warranty to the original retail purchaser to be free from defective material and workmanship under normal and intended use. In addition, the Underwater Kinetics Limited Warranty covers materials used in its products to the original purchaser, from the date of purchase, as follows: plastics for 10 years; rubber for 3 years, LED and electronics for 1 year, rechargeable batteries for 90 days.

In the event the original retail purchaser detects a defect in the material or workmanship, the product along with proof of purchase date should be returned to an authorized Underwater Kinetics dealer or directly to Underwater Kinetics with the postage prepaid. Underwater Kinetics agrees to repair or replace at Underwater Kinetics' sole discretion any product found to be defective in material or workmanship within the time period specified above. For the complete Limited Lifetime Warranty write to Underwater Kinetics or go to the web site [www.underwaterkinetics.com](http://www.underwaterkinetics.com).

Address all correspondence and returns to:  
Underwater Kinetics  
13400 Danielson Street  
Poway, CA 92064

### **European 10 yr Guarantee**

Underwater Kinetics warrants that this product is free from defects in materials and manufacturing for a period of 10 years from the date of purchase under normal use. In addition, the Underwater Kinetics Limited Warranty covers materials used in its products to the original purchaser, from the date of purchase, as follows: plastics for 10 years; rubber for 3 years, LED and electronics for 1 year, rechargeable batteries for 90 days (batteries and lamps are not manufactured by Underwater Kinetics). This warranty is limited to the first purchaser of the product and is not transferable. This product is not warranted if it is modified or used inappropriately.

If the original retail purchaser detects a defect in the material or workmanship, the product along with proof of purchase date should be returned (postage prepaid) to an authorized Underwater Kinetics dealer in the area or directly to UKE Underwater Kinetics Europe. Underwater Kinetics agrees to repair or replace at Underwater Kinetics' sole discretion any product found to be defective in material or workmanship within the time period specified above. This warranty is not valid when handled by third parties which are not authorized by Underwater Kinetics or its distributors. Nothing contained within these warranty terms detracts from your Statutory Rights.
